

Wyoming's Audit Delegation's Comments on the MMS/STRAC Relationship

- August 9, 2006 Alaska STRAC Meeting: STRAC setup a committee of STRAC leadership and members at large Perry Shirley and Steve Dilsaver to address meeting frequency, productivity, and relationship enhancement.
- September 12, 2006 STRAC's leadership committee teleconferenced with Ms. Denett and other MMS representatives.
- September 27, 2006 STRAC's leadership committee sent to Ms. Denett a follow up letter to the September 12, 2006 teleconference meeting. In that follow up letter STRAC "concur[ed] that the structure of our meetings with MMS could be improved upon, in terms of agenda development, topics, and presentation of topics."
- October 17, 2006 STRAC's leadership committee and MMS met face to face to discuss an agenda that had been prepared by the STRAC's leadership committee. The meeting went well, and Ms. Denett concurred that collectively MMS and STRAC should proceed with scheduling a STRAC meeting in November or December in Denver. Due to scheduling conflicts (MMS & STRAC both) the meeting is set for January.
- Wyoming Audit Delegation would like to thank Ms. Denett for her support for addressing meeting frequency, productivity, and relationship enhancement.
